**Patents** Patents **11 - 15** on ~monitor application ~performance distributed ~insert ~id. (0.04 seconds)

System, method and article of manufacture for a user interface for a knowledge management tool

US Pat. 6727927 - Filed Mar 8, 2000 - Accenture LLP

These monitors collect availability and **performance** data and forward the ...  
Information that is deemed critical to **monitor** and manage the network is ...

System for generating charts in a knowledge management tool

US Pat. 6900807 - Filed Mar 8, 2000 - Accenture LLP

These monitors collect availability and **performance** data and forward the ...  
Information that is deemed critical to **monitor** and manage the network is ...

Use of ultrasound to improve the effectiveness of a permeable treatment wall

US Pat. 6013232 - Filed Jul 31, 1997 - The United States of America as represented by the Administrator of the National Aeronautics and Space Administration

Following ultrasound **application**, the SEM showed that the surface was ...  
Samples were collected at multiple 45 depths along the columns to **monitor** TCE ...

Integrated systems for providing communications network management services and interactive ...

US Pat. 7225249 - Filed Sep 24, 1998 - MCI, LLC

... customer/product such as high **insert** activity, heavy reporting requirements,  
etc. ... ODS is engineered for high **performance** through appropriate storage ...

Network object request broker to automatically connect client and server objects in a ...

US Pat. 7203947 - Filed Feb 28, 2001 - Sony Corporation

3 system are **distributed** over a network 305 which is a form of communications  
interface ... the network devices and serves to **monitor** RCC 320 and RCC 330. ...

## Patents

Patents **31 - 40** on ~monitor application ~performance distributed. (0.06 seconds)

### Distributed remote monitoring (dRMON) for networks

US Pat. 6108782 - Filed Jun 24, 1997 - 3COM Corporation

However, these systems generally rely on a full network protocol stack to be correctly running According to the original standards, a special **application** ...

### Endpoint node systems computer program products for application traffic based communications ...

US Pat. 6061725 - Filed Jan 12, 1999 - Ganymede Software Inc.

Because they **monitor** at the link layer, to get a complete picture of **performance** a **monitor** is typically required at every network segment, generally causing ...

### Object-oriented architecture for factory floor management

US Pat. 5398336 - Filed Jul 16, 1993 - Consilium, Inc.

These procedures are methods em- 20 Server also supports **distributed** ... with the currently preferred embodi- attributes that the user may want to **monitor**. ...

### Distributed remote management (dRMON) for networks

US Pat. 6085243 - Filed Dec 13, 1996 - 3Com Corporation

RMON2 provides network header layer (layer 2) through **application** layer (layer 7) ... is a method and apparatus for **distributed** remote network **monitor** ...

### Video game including user visual image

US Pat. 4521014 - Filed Sep 30, 1982

3, illustrating another aspect of the **distributed** nature of the present ... display data from the master game executive **monitor** to compatible formats as ...

### Methods, systems and computer program products for endpoint pair based communications network ...

US Pat. 5838919 - Filed Sep 10, 1996 - Ganymede Software, Inc.

On the receive side, each card contains counters to **monitor** the number of ... ability to test network **performance** under actual **application** conditions as ...

### Automated SLA performance analysis monitor with impact alerts on downstream jobs

US Pat. 5893905 - Filed Dec 24, 1996 - MCI Communications Corporation

SLA **Monitor** (ASM), is a **distributed** computing platform The following **application** of common assignee contains <sup>TM</sup>e Present invention, also referred to as the ...

### Integrated computer system and network performance monitoring

US Pat. 6269401 - Filed Aug 28, 1998 - 3Com Corporation

In this manner, edge **monitor** 300 can identify the specific host computer system ... provided in the copending patent **application** entitled Title "**Distributed** ...

### System, method and article of manufacture for configuration management in a development ...

US Pat. 6256773 - Filed Aug 31, 1999 - Accenture LLP
